Kiwisport

Glamorgan School is part of a local cluster of schools who work with North Harbour Sport to give children the opportunity to experience two sports a year taken by the sports clubs with trained coaches taking six lessons per class in terms 2 and 3. The overall objective is to expose children to new and different sports so they become active and realise that sport can be a fun way to stay healthy as well as having a competitive element. The school subsidises the Kiwisport lessons by using Kiwisport funding provided as part of its Operations Grant and the total contribution payable by families for 2017 is \$6 per child.

Mathletics and Reading Eggs

We have offered Mathletics for the last 3 years and in 2016 we trialed the Reading Eggs programme also, with great feedback from families, students and parents, as a supplement to class programmes and homework. Parents and caregivers asked if they can register their children through school as it is much cheaper than the family charge. The whole school is offered Reading Eggs and Mathletics is offered from Year 3 to Year 6 also.

Stationery

At Glamorgan School we offer a stationery pack that consists of stationery the teachers have carefully chosen to match the needs of their teaching programmes and that is robust enough to last the year. Class consumables such as felt pens, crayons, highlighter pens and coloured pencils are bought in bulk and shared in the class which keeps costs as low as possible. These consumables are included in the stationery pack. The school makes no profit on these packs.

Paper and photocopying is a contribution gratefully received.
